

Bricscad Academic License Agreement

This Agreement dated as of August 12, 2009 (the "Effective Date"), is between Bricsys NV ("Bricsys"), with principle place of business at Bellevue 5/201, 9050 Gent, Belgium, and National Pingtung University of Science and Technology ("Licensee") with principle place of business at NO.1, Shuehfu Rd., Neipu, Pingtung 91201, Taiwan.

I. Scope

- a) Bricsys believes that students in engineering and related disciplines need to have access to professional software tools during their education. This will facilitate the learning process and will increase their career opportunities in a commercial, government or academic environment.
- b) In order to facilitate the deployment of professional engineering software, Bricsys will license and support its Bricscad Classic Product for free to academic institutions under this Bricscad Academic License Agreement.
- c) The Licensee may install Bricscad Classic on 50 personal computers in the classrooms of the Licensee's academic institution.

II. Software Licensing

- a) Licensee can download the Product and upgrades from the Bricsys website.
- b) Licensee will receive a volume license key. A volume license is one license key for multiple users, where Bricsys grants the Licensee the right to use this key on the personal computers owned by the Licensee. Under no circumstance, this license key can be used on personal computers of the students.
- c) All Products licensed to the Licensee under this Agreement are for educational and demonstration purposes only. Any other usage of Products provided under this Agreement without prior written consent from Bricsys is not permitted. The use of the Products for commercial production of drawings or designs and custom consulting work for a single client or for a company is specifically disallowed.

- d) The Licensee will ensure, to the best of his abilities, that Bricscad products will not be copied, disassembled or reverse engineered by students or faculty members.
- e) In order to ensure that students have access to the latest Product releases, Bricsys will provide regular updates of its Products. The Licensee may download product enhancements via the Bricsys Web site.
- f) Licensee can assign one Technical Contact per classroom. The Technical Contact may contact the local reseller for technical support by electronic mail. The Technical Contact will provide technical support to students and educators.

III. Term & Termination

The Initial Term of this Agreement starts on the Effective Date and stands for one year. The term will be renewed automatically each year for a one-year period, unless terminated by either party no later than 30 days before the end of such term.

IV. Press Release

This agreement enables Bricsys to send out a press release about the results of this agreement and authorizes Bricsys to use Licensee's name as a reference in Bricsys' marketing material.

The undersigned affirm that they are authorized to sign this Agreement for their respective organizations.
